

Bike to the hills. Bike to work. Bike all the way home. Bike with your kids. Bike to the shops. Bike to enjoy the sunny weather. Bike in the rain as well. Bike to feel alive. Bike there because it's faster than the bus. Bike for the sheer, unadulterated fun of it. Bike to be faster than that guy with all the gear. Bike to really explore the city you've lived in for years. Bike because you care about your carbon footprint. Bike because it's cheaper. Bike to avoid the hassle of parking. Bike to enjoy independence and freedom. Bike to have an excuse to wear your new sunglasses. Bike to have time to think. Bike to feel yourself get stronger every day. Bike to that doughnut shop that's too far to walk to. Bike to feel the wind in your hair. Bike so that people won't have to ask why you're wearing shorts in winter. Bike to see how far you can go in a day. Bike to avoid hearing people complain about traffic. Bike to the railway station, and go on an adventure. Bike to be part of a community. Bike so that you can be alone. Bike to the top of a hill to watch the sunset. Bike to the cinema. Bike because it's the most efficient means of transportation ever made. Bike to the pub. Bike because you want legs like Chris Hoy. Bike because you don't care what you look like, or what anyone thinks. Bike to go visit your mum for once. Bike up that hill to see if you can do it just a little faster than yesterday. Bike because it really doesn't matter how fast you are. Bike so that you don't have to worry about the price of petrol. Bike so that you can wave at that guy or girl you fancy but don't have the courage to talk to yet. Bike to the canal and buy a coffee from that little place on a boat. Bike at night when the streets are quiet and you should be in bed. Bike to see things most people don't notice. Bike because it's kinder to your knees than running. Bike with your friends. Bike to make new friends. Bike because cyclists seem so happy, there must be something in it. Bike to really feel the landscape. Bike so that you can come and go whenever you want to. Bike to find out what's just over the horizon. Bike to find out what's just round the corner. Bike just to get out of the house. Bike because you really have to get there. Bike because you always have done. Bike because you never have. Bike because no-one fully understands how or why a bicycle stays upright. Bike because that doesn't matter even a little. Bike because it's the most enjoyable part of your day. Bike for any reason, or no reason at all. Bike Morningside.
